

Dear Partners,

We are incredibly grateful for your continued support in making the Warwick Summer Schools a success. Thanks to the enthusiasm and commitment of our valued partners, in 2025 we welcomed students from around the world to take part in an inspiring, enriching, and truly memorable summer at Warwick.

To celebrate this year's achievements and share some of the programme's highlights, our Summer School Director, Fiona Wallace, has recorded a short message to reflect on 2025 and look towards the future. We hope it captures the energy of this year's Summer Schools and inspires you to continue working with us.

UNIVERSITY  
OF WARWICK

2026 Applications Open

We're delighted to announce that applications are now open for the **Warwick Summer School**, taking place from **12 July to 1 August 2026**.

Open to university students aged 18+, the programme offers the opportunity for your students to experience life at a world-leading university in the UK, combining inspiring academic study with cultural immersion and a vibrant social programme. Participants will connect with peers from around the world while enjoying an unforgettable summer at Warwick.

We are also delighted to offer the **Warwick Pre-University Summer School** for students aged 16–17, providing an enriching early introduction to university life.

We have had the pleasure of hosting students from your institutions at past Summer Schools and would love to welcome more of your students to Warwick this summer.

### Transformative academic experience

All our courses are taught by Warwick academics who are experts in their field, with a wide range of introductory, intermediate, and specialist options to suit every interest and background.

Many students have also earned 3 US credits or 7.5 ECTS, and we're happy to provide your registry or advisors with full course details on request.

## Extending the Warwick Experience

To help students make the most of their Warwick experience, we also offer additional options that complement our main programme. Students can choose either:

- **Exploring British Culture** - a week of cultural discovery held before the main programme, featuring visits, workshops and activities that immerse students in British life and heritage both on and beyond campus.
- **Preparatory English (Online)** - designed to build students' language confidence and academic English skills before they arrive.

## Group Booking Discounts

- 20% discount on tuition fees for groups of 10-19 students
- 25% discount on tuition fees for groups of 20+ students
- One free teacher place for groups of 10 or more (excludes accommodation and catering)

Our group bookings make the process simple from application to arrival. You'll have a dedicated account manager to tailor arrangements to your needs, whether you prefer full oversight or a hands-off approach where students apply and pay independently.

Find out more and stay in touch

- Follow us on [Instagram](#) and check out the highlights from our 2025 Summer School
- Set up a bespoke online meeting with our team to discuss group bookings by emailing [wgagroups@warwick.ac.uk](mailto:wgagroups@warwick.ac.uk).

We look forward to hearing from you!

Best wishes,

*Rachael*
